

purple

Effective date: 31 January 2020

PRODUCTION

This pulp is produced from virgin fibres, using a renewable raw material that is fully traceable. Production follows our management system certified according to ISO 9001, ISO 14001, OHSAS 18001, ISO 50001, FSC CoC and PEFC CoC. Copies of our certificates are available via www.sodra.com/pulp-certifications.

REGULATORY INFORMATION

Food Contact

Regulation (EC) No 1935/2004 of materials and articles intended to come into contact with food	Full compliance.
BfR XXXVI. Paper and Board for Food Contact	Full compliance.
BfR XXXVI/1. Cooking Papers, Hot Filter Papers and Filter Layers	Full compliance.
BfR XXXVI/2. Paper and Paperboard for Baking Purposes	Full compliance.
BfR XXXVI/3. Absorber pads based on cellulosic fibres for food packaging	Full compliance.
FDA 21 CFR § 186.1673 Pulp	Pulp is listed as GRAS (indirect food substances affirmed as Generally Recognized As Safe).
FDA 21 CFR § 176.170 Components of paper and paperboard in contact with aqueous and fatty foods	Full compliance.
FDA 21 CFR § 176.180 Components of paper and paperboard in contact with dry food	Full compliance.
GB 4806.1-2016 General safety requirements for food contact materials and articles	Full compliance.
GB 9685-2016 Standard for the use of additives in food contact materials and articles	Full compliance.
Halal, kosher	The pulp does not contain animal-based ingredients, alcohol (ethanol), grape, fruit or grain-based alcohol or acetic acid nor is it in contact with them during production.

Other applicable regulations

GMO	Directive 2001/18/EC on the deliberate release into the environment of genetically modified organisms (GMO)	Our wood raw material does not originate from genetically modified trees (GMO).
REACH	Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)	Cellulose pulp is according to REACH Annex IV among the exemptions from the obligation to register. Safety data sheet is therefore not required. Safety data sheet for this pulp can nevertheless be found here: www.sodra.com/safety-data
SVHC		To the best of our knowledge, the pulp does not contain any Substances of Very High Concern (SVHC) above 0.1 %. The ECHA Candidate List of SVHC updated on the 16 th January 2020 can be found via https://echa.europa.eu/web/guest/candidate-list-table .
Allergens	Regulation (EU) No 1169/2011 on the provision of food information to consumers Major food allergens given in the US Food Allergen Labelling and Consumer Protection Act of 2004 Sec. 203	The pulp does not contain: Cereals containing gluten (wheat, rye, barley, oats, spelt, kamut) Crustaceans Eggs Fish Peanuts Soybeans Milk (including lactose) Nuts Celery Mustard Sesame seeds Sulphur dioxide and sulphites at concentrations of more than 10 mg/kg Lupin Molluscs
Animal origin (TSE/BSE)	Regulation (EC) 999/2001 on prevention, control and eradication of certain transmissible spongiform encephalopathies	Raw materials of animal origin are not used in the production of the pulp.
Animal tests		No animal tests are conducted on the pulp.
POPs including brominated flame retardants	Regulation (EU) 757/2010 amending Regulation (EC) 850/2004 on persistent organic pollutants (POPs)	Persistent organic substances as listed in appendix I and III are not added intentionally and are within the prescribed limits.
Nanomaterial	Regulation (EC) No 1223/2009 on cosmetic products	The pulp does not contain any nanomaterials.
Packaging including heavy metals	Directive 94/62/EC, Packaging and Packaging Waste (amended by 2004/12/EC, 2005/20/EC, and Regulation (EC) No 219/2009) United States Legislation The Toxics in Packaging Clearinghouse (TPCH, previously called CONEG)	Heavy metal content is well within the prescribed limits.
Toys	Directive 2009/48/EC on the safety of toys as amended	Fragrances are not added and content of metals to the best of our knowledge are within the limits.

Other applicable regulations (continued)

Conflict minerals	Regulation (EU) 2017/821 on tin, tantalum and tungsten and gold originating from conflict-affected and high-risk areas US law on conflict minerals, Section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act	No chemicals containing tin (Sn), tantalum (Ta), tungsten (W, also known as wolfram) or gold (Au) are used in our pulp production.
Chemicals known to cause cancer, birth defects or other reproductive harm	California's Proposition 65 (requires businesses to report significant amounts of chemicals in products)	To the best of our knowledge, the pulp does not contain these chemicals in significant amounts.
RoHS	Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment	The pulp does not contain substances listed in Annex II in amounts exceeding requirements.
Ozone depleting substances	Regulation (EC) No 1005/2009 of substances that deplete the ozone layer Montreal Protocol 1987 as amended	Substances listed in the regulation and/or the protocol are not intentionally added to the pulp and to the best of our knowledge, the pulp does not contain these substances.

Substances of concern

<p>Aldrin Alkyl phenols and alkyl phenol ethoxylates (AP/APEO) Anthraquinone (AQ) Asbestos and chrysotile Azo dyes and azo pigments Bisphenols Biphenyls including PCB and PBB Chlordane Chlordecone Dichlorodiphenyltrichloroethane (DDT) Dieldrin Dioxins (PCDD) Endrin Fluorescent Whitening Agent Formaldehyde Furans (PCDF) Heavy metals Heptachlor Hexabromobiphenyl Hexachlorobenzene (HCB) Hexachlorocyclohexanes including lindane Latex (natural rubber) Mirex Nanoparticles Optical brightening agents (OBA) Organotins Palm oil Parabens Pentachlorobenzene Pentachlorophenol (PCP) Perfluorinated chemicals (PFC) including PFOA and PFOS Phthalates Polybrominated diphenyl ethers (PBDE) Polycyclic Aromatic Hydrocarbons (PAH) Primary Aromatic Amines (PAA) Triclosan Toxaphene</p>	<p>No substance of concern is intentionally added to the pulp and to the best of our knowledge the pulp does not contain these substances in amounts exceeding applicable legislation and agreements. The amount never exceeds 0.1 % by weight.</p>
