

Decking boards

Our range of decking is produced from high quality Scandinavian Redwood and profiled to a standard that is common across the UK market.

All our decking boards are high pressure treated in accordance to BS 8417 Use Class 3 as standard.

FEATURES	BENEFITS
Excellent quality wood fibre	Consistently high quality products time after time
Kiln dried	Lighter in weight, stronger in application, helps protect against decay and improves dimensional stability
PEFC certified	Ensuring products are sourced responsibly and environmentally with a robust chain of custody
Just In Time (JIT) pick a pack service	Maximum flexibility to help maintain optimum stock levels
Nationwide delivery service	A delivery service that allows our customers to access our products nationwide
In-house treatment facilities	High and low pressure treatment available, providing consistency and flexibility of service
Half packs	Maximum stock range with minimum stock holding
Packaged to length	For ease of loading and storage
Standard and uniform profile	Standard profile across all sections and lengths
Standard range of sections and lengths	Meets with our customers' requirements
Mixed loads	Maximum flexibility to mix and match products that suit our customers' requirements
